

Luton Family Hubs

Luton Family Hubs is a town-wide partnership offering support to every family in Luton, whatever their experience or circumstances.

From thinking about starting a family, or expecting a child, to all families with a child up to the age of 19 years, or 25 years with special educational needs and disabilities, we're here to support every child's changing needs.

Family members have access to friendly, helpful professionals and local experts offering parent and child sessions, information, advice and guidance in one of the hubs near where they live, or they can call us or visit us online.

We want to ensure that you are able to get support with:

Parenting Support

Mental Health

Infant Feeding

Home Learning and Early Language Development

Start for Life

We need your help to tell us what services and support you need as parents and carers of young children in Luton.

We want to set up a group of parents and carers as part of the family hubs programme and would love you to be part of it and become involved. Contact us at familyhubs@eyalliance.org.uk See overleaf to find out how you can get involved.

You can have as little or as much involvement as you wish.
This can range from:

Responding to our surveys

Being part of the group and joining online and in-person sessions*

Joining our WhatsApp group

Giving feedback on our communications

Helping to support other families

If you would like to sign up to join the group, or would just like more information about Luton Family Hubs, contact: **familyhubs@eyalliance.org.uk**

*We can help to support you joining this group by providing travel and expenses if required and free activities for your children if you want to bring them along.
